Greetings!

It's here! Caribbean Atlantic Assembly Summerfest 2026 is here – **“Building Stability Through Divine Empowerment”**. Join us in the beautiful island of Nevis for a time of refreshing and resetting.

Nevis is a jewel of quiet beauty and deep soul, where time seems to slow and the land speaks softly of history, resilience, and grace. Rising gently from the sea, crowned by the mist-covered Nevis Peak, the island carries a rare harmony between nature and nurture; lush rainforests, warm volcanic soil, and beaches kissed by unhurried waves. Here, hospitality is not a performance but a way of life, rooted in community, faith, and tradition. Nevis remembers its past without being bound by it, honouring generational strength while welcoming the promise of tomorrow. It is a place that does not demand attention; yet leaves an indelible impression on all who encounter its calm dignity and enduring charm. You will never be the same again after this visit to Nevis accompanied by the visitation of the Holy Spirit. Look out for weekly updates as we chart our way to this time of empowerment.
